Savvas Learning Company, formerly Pearson K12 Learning, creates K-12 education curriculum and next-generation learning solutions to improve student outcomes.

### **Savvas Learning Company (formerly Pearson K12 Learning)**

Carnegie offers an example of a boy who was struggling with algebra. His father made flashcards for him, and every night his father would time him on how long it took for him to get all of the cards right. Their goal was to do it in under eight minutes. The first night, it took 52 minutes. The boy thought he'd never get there!
