Hi folks, I have a 350 with tall "Chevrolet" chrome GM valve covers. I have a breather/oil fill cap on one side and the pcv on the other which leads the middle front vacuum hose on my Edelbrock 600cfm carb. I noticed that I'm getting a lot of oil heading up through the pcv valve and in the hose

leading to the carb.

Oil Breather spitting oil all over engine...please help ...

Fresh Water Cooling Conversion Kits for MerCruiser Marine Engines These fresh water cooling system(s) will convert the currently functioning specified marine from a raw water cooled application to a fully functional fresh water cooled (closed cooling) half or full system, as specified in the kit detail.
