• Enabling System Suitability • If you want system suitability to be calculated you will need to tell the processing Method to Calculate system suitability • Open the processing Method and select the Suitability Tab • Check the "Calculate Suitability Results" box. • Complete the other sections as required. ©2005 Waters Corporation

#### Aspects of HPLC analysis (System Suitability)

<p>Hi everyone. Did a quick search and didn't find anything on this - hopefully I didn't miss anything. I was curious when Empower (in my case Empower 2) was going to update the suitability module to match the recent (well some back to 2009) changes to the USP. In particular this is in regards to the new USP signal to noise calculations.
