Fundamentals Of Investments 6th Edition

Fundamentals of Investments was written to: focus on students as investment managers, giving them information they can act on instead of concentrating on theories and research without the proper context; offer strong, consistent pedagogy, including a balanced, unified treatment of the main types of financial investments as mirrored in the investment world; and, organize topics in a way that makes them easy to apply - whether to a portfolio simulation or to real life - and support these ...

First, there is a consistent focus on the student as an individual investor or investments manager. Second, a consistent, unified treatment of the four basic types of financial instruments—stocks, bonds, options, and futures—focusing on their characteristics and features, their risks and returns, and the markets in which they trade.
