Military sociology is a subfield within sociology. It corresponds closely to C. Wright Mills's summons to connect the individual world to broader social structures. Military sociology aims toward the systematic study of the military as a social group rather than as a military organization. This highly specialized sub-discipline examines issues related to service personnel as a distinct group with coerced collective action based on shared interests linked to survival in vocation and combat, with

The imperative of state security and a strong state apparatus were given precedence over the need to create participatory political institutions and processes. The military was the major beneficiary of this approach because it was viewed as a guarantee of external security and a bulwark against internal turmoil and collapse.

Military, State, and Society in Pakistan by Hasan-Askari ...

Military regimes tend to portray themselves as non-partisan, as a "neutral" party that can provide interim leadership in times of turmoil, and also tend to portray civilian politicians as corrupt and ineffective. One of the almost universal characteristics of a military government is the institution of martial law or a permanent state of emergency.

Military dictatorship - Wikipedia

The state uses the political means—in other words, force—to plunder and exploit society, which uses the economic means—in other words, cooperation. Thus, for Oppenheimer, the state was the enemy of society. The American individualist Albert Jay Nock was one of the main conduits of Oppenheimer's thought into the United States.
