Informal Learning is an approach to Music learning and teaching. One of the core principles of Musical Futures is to allow students to make choices about what and how they learn (and with whom). It has never been driven by content (other than that which is chosen by the participants themselves) nor is it dependent on resources.

Music, Informal Learning and the School: A New Classroom ...

Informal learning is the education that is beyond limitations and goes on outside of a traditional formal learning environment like university, school or college. It is an education that is seen as a learning which goes on in our daily life or learning projects undertaken by us to teach ourselves.

Difference Between Formal and Informal Learning

For the teachers in this study, the solution was integrating popular music and informal music learning practices. Thematic analysis revealed eight characteristics of effective teacher-initiated change in secondary music education: (1) holistic and gradual change processes, (2) teacher reflection and inquiry, (3) teacher autonomy, (4) enabling ...

The complexities of informal learning and non-formal teaching in 21st century society. In Beynon, C., Wright, R., Younker, B. A. (Eds.), 21st century music education: Informal learning and non-formal teaching (Kindle e-book). Waterloo, ON: Canadian Music Educators' Association. Google Scholar

Informal and non formal music experience: power, knowledge ...

One way in which more autonomous music learning may occur is through what has been termed informal music pedagogy. This chapter considers a case study of informal learning in an elementary school in Canada and discusses the potential for informal music learning to function as a culturally relevant, student-centered pedagogy in general music education, particularly to general music as it applies to children ages 10 to 13 years, although the work reported on here has since been extended to ...
