Sitting Bull and His World Jun 20 2022 Illustrated with photos and drawings, this poignant books discusses the life of the Hunkpapa chief who is remembered for his defeat of General Custer at Little Big Horn.

Solomon Bull Dec 23 2019 Solomon Bull is Clayton Lindemuth at his rural noir best. You'll find all the "thrilling... visceral... unsparing..." prose that earned his debut *Cold Quiet Country* the coveted starred review from *Publishers Weekly*. Blackfoot Indian Solomon Bull is the son of a rebel who died in the seventies fighting for the American Indian Movement. He trains for an Arizona race called *Desert Dog*, run through cactus beds, aqueducts, up sheer rock walls and through clouds of Africanized killer bees. The race will tell Solomon whether he's a mere man, or heir to his murdered father's revolution. Solomon tries to focus on *Desert Dog*. Ex-mercenary Cal Barrett designed the race to shred people, and rumor is he recruits winners into a clandestine paramilitary outfit. But on a whim Solomon bets his roommate he can cost dirty Senator Cyman ten points in his reelection bid. After antics involving spray paint and a highway billboard, the senator's security chief suddenly shows up everywhere Solomon is... Then Rachel, hailing from the Treasury's office of Terrorism and Financial Intelligence, introduces herself by soaping Solomon in the shower after a long run. She'll do anything to get Solomon

to infiltrate Cal Barrett's clandestine organization. Something big is going down soon, she promises. Senator Cyman's security man attacks. Rachel hounds. Solomon's picked a bigger fight than intended. But now his roommate introduces Amanda, a prostitute who looks like an angel but for the boots and cigarette burns all over her back. She tells a story about Senator Cyman and an innocent Navajo boy that frames Solomon's identity question in stark terms. Will Solomon turn his back on the victims of true evil? Will he become a cog in the machine his father died fighting? Solomon Bull is a young man learning why men exist. It's about love, sacrifice, and a Native American on the pendulum between assimilation and war.

War for the Oaks Jan 16 2022 Acclaimed by critics and readers on its first publication in 1987, winner of the Locus Award for Best First Novel, Emma Bull's *War for the Oaks* is one of the novels that has defined modern urban fantasy. Eddi McCandry sings rock and roll. But her boyfriend just dumped her, her band just broke up, and life could hardly be worse. Then, walking home through downtown Minneapolis on a dark night, she finds herself drafted into an invisible war between the faerie folk. Now, more than her own survival is at risk—and her own preferences, musical and personal, are very much beside the point. By turns tough and lyrical, fabulous and down-to-earth, *War for the Oaks* is a fantasy novel that's as much about this world as about the other one. It's about real love and loyalty, about real music and musicians, about false glamour and true art. It will change the way you hear and see your own daily life. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Norway Book 1: The Black Bull Of Norway Apr 06 2021 Sibylla has always craved adventure, but she never guessed it would finally arrive in the form of a giant, magical bull. Is he a man, or a monster? And who knew a prophecy could be so literal? With this first book in a new series co-created by sibling writer/artist team CAT SEATON and KIT SEATON, the adventure of a lifetime begins.

No Bull Review - for Use with the AP US History Exam and SAT Subject Test

Feb 26 2023 UPDATED FOR 2018! No Bull... This is a concise and to the point way to help you review for AP U.S. History and the SAT Subject Test. Your review book shouldn't need a review book, and that's why we're here. The book contains definitions and explanations of the most important terms, concepts, and themes in the U.S. History curriculum. It contains 240 multiple choice questions for the SAT Subject Test, PLUS each chapter has a set of document-style multiple choice questions for the new AP US History Exam. PLUS thematic timelines. In addition, there are 20 practice AP short answer questions, DBQ and essay writing tips, 10 sample long essay questions, and concrete examples of how to use the important AP History Reasoning Skills! All of this, and an incredible review sheet that follows the entire book while highlighting important terms, amendments, court cases, and more! The No Bull Review is a great study-aid whether you are

purchasing it for history class in September, or hours before the big exam. This book contains the course and rubric changes made in the summer of 2017.

Anti-Nietzsche Jul 30 2020 Nietzsche, the philosopher seemingly opposed to everyone, has met with remarkably little opposition himself. He remains what he wanted to be—the limit-philosopher of a modernity that never ends. In this provocative, sometimes disturbing book, Bull argues that merely to reject Nietzsche is not to escape his lure. He seduces by appealing to our desire for victory, our creativity, our humanity. Only by ‘reading like a loser’ and failing to live up to his ideals can we move beyond Nietzsche to a still more radical revaluation of all values—a subhumanism that expands the boundaries of society until we are left with less than nothing in common. *Anti-Nietzsche* is a subtle and subversive engagement with Nietzsche and his twentieth-century interpreters—Heidegger, Vattimo, Nancy, and Agamben. Written with economy and clarity, it shows how a politics of failure might change what it means to be human.

The Golden Bull May 27 2020 A brother and sister's search for a new life and new home . . . 5,000 years ago in ancient Mesopotamia during a terrible drought, Jomar and Zefa's father must send his children away to the city of Ur because he can no longer feed them. At fourteen, Jomar is old enough to apprentice with Sidah, a master goldsmith for the temple of the moon god, but there is no place for Zefa in Sidah's household. Zefa, a talented but untrained musician, is forced to play her music and sing for alms on the streets of Ur. Marjorie Cowley vividly imagines the intrigues, and harsh struggle for survival in ancient Mesopotamia.

No Bull Review - U. S. History and Gov't Oct 25 2022 REVISED EDITION! No Bull...This is the most concise and to the point review for U.S. History and Government available. Your review book shouldn't need a review book, and that's why we're here! This book contains definitions and explanations of the most important terms, concepts, and themes in the U.S. History and Government curriculum. With 250 multiple choice questions, and an incredible review sheet that navigates the entire book, the *No Bull Review* is a must-have whether you are purchasing it for history class in September, or hours before your next test. NOTE: This book is for standard U.S. History and Government classes. The practice questions have four choices.

Eating Bull Aug 11 2021 Jeremy, a lonely and obese teenager, shoots into the limelight when a headstrong public health nurse persuades him to sue the food industry. Tossed into a storm of media buzz and bullying, the teen draws the attention of a serial killer who's targeting the obese.

How to Castrate a Bull Mar 25 2020 Dave Hitz likes to solve fun problems. He didn't set out to be a Silicon Valley icon, a business visionary, or even a billionaire. But he became all three. It turns out that business is a mosaic of interesting puzzles like managing risk, developing and reversing strategies, and

looking into the future by deconstructing the past. As a founder of NetApp, a data storage firm that began as an idea scribbled on a placemat and now takes in \$4 billion a year, Hitz has seen his company go through every major cycle in business—from the Jack-of-All-Trades mentality of a start-up, through the tumultuous period of the IPO and the dot-com bust, and finally to a mature enterprise company. NetApp is one of the fastest-growing computer companies ever, and for six years in a row it has been on Fortune magazine's list of Best Companies to Work For. Not bad for a high school dropout who began his business career selling his blood for money and typing the names of diseases onto index cards. With colorful examples and anecdotes, *How to Castrate a Bull* is a story for everyone interested in understanding business, the reasons why companies succeed and fail, and how powerful lessons often come from strange and unexpected places. Dave Hitz co-founded NetApp in 1992 with James Lau and Michael Malcolm. He served as a programmer, marketing evangelist, technical architect, and vice president of engineering. Presently, he is responsible for future strategy and direction for the company. Before his career in Silicon Valley, Dave worked as a cowboy, where he got valuable management experience by herding, branding, and castrating cattle.

Bone Dance Dec 03 2020 Back in print, *Bone Dance* is a classic techno-fantasy from Emma Bull, author of the bestselling *Territory Sparrow's my name. Trader. Deal-maker. Hustler, some call me. I work the Night Fair circuit, buying and selling pre-nuke videos from the world before. I know how to get a high price, especially on Big Bang collectibles. But the hottest ticket of all is information on the Horsemen—the mind-control weapons that tilted the balance in the war between the Americas. That's the prize I'm after. But it seems I'm having trouble controlling my own mind. The Horsemen are coming.*

Bull Mar 06 2021 Much like Lin-Manuel Miranda did in *Hamilton*, the New York Times best-selling author David Elliott turns a classic on its head in form and approach, updating the timeless story of Theseus and the Minotaur. A rough, rowdy, and darkly comedic young adult retelling in verse, which NPR called “beautifully clever,” *Bull* will have readers reevaluating one of mythology's most infamous monsters. SEE THE STORY OF THESEUS AND THE MINOTAUR IN A WHOLE NEW LIGHT Minos thought he could Pull a fast one On me, Poseidon! God of the Sea! But I'm the last one On whom you Should try such a thing. The nerve of that guy. The balls. The audacity. I AM THE OCEAN! I got capacity! Depths! Darkness! Delphic power! So his sweet little plan Went big-time sour And his wife had a son Born with horns and a muzzle Who ended up In an underground puzzle. What is it with you mortals? You just can't seem to learn: If you play with fire, babies, You're gonna get burned.

Shadow of a Bull Sep 23 2022 Maia Wojciechowska's 1965 Newbery Medal winner about a young boy struggling with his father's legacy. Manolo was only

three when his father, the great bullfighter Juan Olivar, died. But Juan is never far from Manolo's consciousness--how could he be, with the entire town of Arcangel waiting for the day Manolo will fulfill his father's legacy? But Manolo has a secret he dares to share with no one--he is a coward, without *afición*, the love of the sport that enables a bullfighter to rise above his fear and face a raging bull. As the day when he must enter the ring approaches, Manolo finds himself questioning which requires more courage: to follow in his father's legendary footsteps or to pursue his own destiny?

The Story of Ferdinand May 20 2022 A true classic with a timeless message! All the other bulls run, jump, and butt their heads together in fights. Ferdinand, on the other hand, would rather sit and smell the flowers. So what will happen when Ferdinand is picked for the bullfights in Madrid? The Story of Ferdinand has inspired, enchanted, and provoked readers ever since it was first published in 1936 for its message of nonviolence and pacifism. In WWII times, Adolf Hitler ordered the book burned in Nazi Germany, while Joseph Stalin, the leader of the Soviet Union, granted it privileged status as the only non-communist children's book allowed in Poland. The preeminent leader of Indian nationalism and civil rights, Mahatma Gandhi—whose nonviolent and pacifistic practices went on to inspire Civil Rights leader Martin Luther King, Jr.—even called it his favorite book. The story was adapted by Walt Disney into a short animated film entitled *Ferdinand the Bull* in 1938. *Ferdinand the Bull* won the 1938 Academy Award for Best Short Subject (Cartoons).

Bull Riding Nov 13 2021 Examines the history of rodeo, the basic skills needed in bull riding, and how bull riders are judged and scored.

Lakota America Oct 01 2020 The first comprehensive history of the Lakota Indians and their profound role in shaping America's history Named One of the New York Times Critics' Top Books of 2019 - Named One of the 10 Best History Books of 2019 by Smithsonian Magazine - Winner of the MPIBA Reading the West Book Award for narrative nonfiction "Turned many of the stories I thought I knew about our nation inside out."--Cornelia Channing, *Paris Review*, Favorite Books of 2019 "My favorite non-fiction book of this year."--Tyler Cowen, *Bloomberg Opinion* "A brilliant, bold, gripping history."--Simon Sebag Montefiore, *London Evening Standard*, Best Books of 2019 "All nations deserve to have their stories told with this degree of attentiveness"--Parul Sehgal, *New York Times* This first complete account of the Lakota Indians traces their rich and often surprising history from the early sixteenth to the early twenty-first century. Pekka Hämäläinen explores the Lakotas' roots as marginal hunter-gatherers and reveals how they reinvented themselves twice: first as a river people who dominated the Missouri Valley, America's great commercial artery, and then--in what was America's first sweeping westward expansion--as a horse people who ruled supreme on the vast high plains. The Lakotas are imprinted in American historical memory. *Red Cloud, Crazy*

Horse, and Sitting Bull are iconic figures in the American imagination, but in this groundbreaking book they emerge as something different: the architects of Lakota America, an expansive and enduring Indigenous regime that commanded human fates in the North American interior for generations. Hämmäläinen's deeply researched and engagingly written history places the Lakotas at the center of American history, and the results are revelatory.

The Day the Markets Roared Feb 23 2020 Legendary economist Dr. Henry Kaufman shares a classic Wall Street story that has never been fully told: a firsthand account of the day in August 1982 that would define US economics for decades. Dr. Henry Kaufman is the most famous economist Wall Street has ever seen, renowned well beyond the financial industry. He was the subject of New Yorker cartoons, had cameos in drama productions and two seminal literary works of the 1980s, was subject to death threats, and enjoyed the nickname "Dr. Doom." His pinnacle of influence arrived on August 17, 1982. That single day turned out to be the beginning of the world that we now live in. At the time, after painful years of high interest rates and the inflation of the late 1960s and 1970s, consumers were paying 17 percent and higher to borrow money. But by the end of one summer day almost 40 years ago, the stock market had undergone its second-biggest rally since WWII, while bond prices soared and interest rates plunged. Dr. Kaufman himself had written a memo that sparked this tremendous boom—and it set the global markets on fire, marking the start of almost four decades of US economic growth. The Day the Markets Roared answers the questions: • Why did Dr. Kaufman break with his longstanding bearish views to make a momentous prediction that spurred blaring headlines everywhere from Brazil to Beijing? • How could a private individual exercise such profound influence over global financial markets? • How did we get to today's rock-bottom and even negative rates? And what is their continuing impact on the economy, our financial markets and our livelihoods? The Day the Markets Roared is a firsthand, minute-by-minute account of one remarkable day in financial and economic history, with a rich cast of characters, from Salomon's John Gutfreund to interest rate guru Sydney Homer, to Dr. Kaufman's longtime friend, Fed Chairman Paul Volcker. Dr. Kaufman reflects on the lessons of the historic August 1982 episode, harkening back to a more optimistic moment in American history, and offering inspiration for better times ahead.

Bull Nov 01 2020 This vicious comedy is an allegorical deathmatch between business colleagues—full of bizarre power plays and one-upmanship—wherein one of three employees is allegedly going to be fired. The odds against our protagonist are stacked from the outset: rumple-faced sad-sack Thomas never quite gets his footing against opponents Tony, a shark in wolf's clothing, and Isobel, a snaky number with a talent for undermining. In savvy fashion, Mike Bartlett's **BULL** caters to our baser instincts.

Pit Bull Oct 13 2021 The hugely illuminating story of how a popular breed of dog became the most demonized and supposedly the most dangerous of dogs—and what role humans have played in the transformation. When Bronwen Dickey brought her new dog home, she saw no traces of the infamous viciousness in her affectionate, timid pit bull. Which made her wonder: How had the breed—beloved by Teddy Roosevelt, Helen Keller, and Hollywood’s “Little Rascals”—come to be known as a brutal fighter? Her search for answers takes her from nineteenth-century New York City dogfighting pits—the cruelty of which drew the attention of the recently formed ASPCA—to early twentieth-century movie sets, where pit bulls cavorted with Fatty Arbuckle and Buster Keaton; from the battlefields of Gettysburg and the Marne, where pit bulls earned presidential recognition, to desolate urban neighborhoods where the dogs were loved, prized—and sometimes brutalized. Whether through love or fear, hatred or devotion, humans are bound to the history of the pit bull. With unflinching thoughtfulness, compassion, and a firm grasp of scientific fact, Dickey offers us a clear-eyed portrait of this extraordinary breed, and an insightful view of Americans’ relationship with their dogs.

Professional Bull Riders Jun 08 2021 An inside look at the sport of bull riding, this book provides a behind-the-scenes look at the adrenaline-fueled phenomenon that's enjoyed by more than 100 million television viewers yearly from around the world and the fastest-growing sport in America. The full-color action-packed images throughout capture the pain, fear, blood, and glory that is professional bull riding. Readers will experience the masterful rides, the horrendous falls, and the pure excitement with each turn of the page. From Adriano Moraes, Justin McBride, and Chris Shivers to Little yellow Jacket and Mossy Oak Mudslinger, all the favorite riders and bulls are included. Newcomers will find clear explanations and concise background on a growing sport that is guaranteed to thrill.

On Target Jul 10 2021 The first behind-the-scenes look at the stunning success of America's hippest discount retailer Founded in 1962 by Minnesota-based department store Dayton's, Target has grown to become America's second most profitable retailer behind Wal-Mart. On Target is the first in-depth look at the business leaders and strategies that made Target such a runaway success. The company's easily recognizable red-and-white logo, youthful television advertisements, and upscale partnerships-with designers like Michael Graves, Mossimo, and Todd Oldham-have not only removed the stigma traditionally attached to discount store shopping, but actually made it hip to be frugal. In the process, the company has cemented its place as the favorite discount retailer of middle- and upper-income families across the country. In On Target, award-winning business journalist Laura Rowley examines the methods and the success of the company from its shrewd merchandising strategy to its clever marketing campaigns, ingenious branding effort, and extensive philanthropy. An excellent education in how to beat the competition even in a crowded and weak retail

market, Target's story details the history and incredible success of a unique company and an enticing, unmistakable brand. Both insightful and entertaining, *On Target* offers important business lessons for executives and managers in need of a bull's-eye. Laura Rowley (Maplewood, NJ) is an award-winning television, radio, and print journalist specializing in business reporting. She is the personal finance and career columnist for *Self* magazine and has also been published in *The New York Times*, *Parents*, and *Newsweek*. As a reporter and producer for CNN in New York, she reported on air for *Your Money* and *Business Unusual*, and produced live programs for CNNfn. She has also appeared on *Good Morning America*, *Oxygen Media*, and *CNBC*.

Olduvai Mar 18 2022 Is a global economic, social, and political collapse imminent? Flowing from actual world events, a damaged environment, dwindling energy resources, and a manipulated market-economy all come crashing together in this tale about the social and individual impact of stresses that overwhelm a precarious and complex global system. Supply chain interruptions, border disputes, increased fascism, growing protest movements, and mass migration out of rural areas and into cities dominate the new normal. Follow the struggles of several Canadians amidst the chaos. Marissa, a young university student, confronting the end of her prescription for a mental health issue, and her eight year old sister, Kat, who are stranded in a remote part of Ontario when their parents are caught up in a massive riot in Toronto; Mac, a mature student at Lethbridge College, Alberta, who uncovers a Canadian military secret; Ranjeet, a recently promoted Toronto banker who has his faith in the banking system turned upside down when a colleague shares some startling information; and Sam, an activist who has predicted the collapse for years, but has his preparations challenged by an unexpected Black Swan event. Is this the world's future'...

Sorting the Beef from the Bull Apr 26 2020 Horsemeat in burgers was hard to swallow, but there are far more sinister culinary crimes afoot... Chicken eggs that haven't come from chickens, melamine in infant's milk in China, nut shells in spices – these are just some examples of the food fraud that has occurred in recent years. As our urban lifestyle takes us further and further away from our food sources, there are increasing opportunities for dishonesty, duplicity and profit-making short-cuts. Food adulteration, motivated by money, is an issue that has spanned the globe throughout human history. Whether it's a matter of making a good quality oil stretch a bit further by adding a little extra 'something' or labelling a food falsely to appeal to current consumer trends – it's all food fraud, and it costs the food industry billions of dollars each year. The price to consumers may be even higher, with some paying for these crimes with their health and, in some cases, their lives. *Sorting the Beef from the Bull* is a collection of food fraud tales from around the world. It explains the role of science in uncovering some of the century's biggest food scams, and explores the arms race between food forensics

and fraudsters as new methods of detection spur more creative and sophisticated means of committing the crimes. This book equips us with the knowledge of what is possible in the world of food fraud and shines a light on the shady areas of our food supply system where these criminals lurk.

The Greatest Salesman in the World May 08 2021 The runaway bestseller with more than four million copies in print! You too can change your life with the priceless wisdom of ten ancient scrolls handed down for thousands of years.

“Every sales manager should read *The Greatest Salesman in the World*. It is a book to keep at the bedside, or on the living room table—a book to dip into as needed, to browse in now and then, to enjoy in small stimulating portions. It is a book for the hours and for the years, a book to turn to over and over again, as to a friend, a book of moral, spiritual and ethical guidance, an unfailing source of comfort and inspiration.”—Lester J. Bradshaw, Jr., Former Dean, Dale Carnegie Institute of Effective Speaking & Human Relations “I have read almost every book that has ever been written on salesmanship, but I think Og Mandino has captured all of them in *The Greatest Salesman in the World*. No one who follows these principles will ever fail as a salesman, and no one will ever be truly great without them; but, the author has done more than present the principles—he has woven them into the fabric of one of the most fascinating stories I have ever read.”—Paul J. Meyer, President of Success Motivation Institute, Inc. “I was overwhelmed by *The Greatest Salesman in the World*. It is, without doubt, the greatest and the most touching story I have ever read. It is so good that there are two musts that I would attach to it: First, you must not lay it down until you have finished it; and secondly, every individual who sells anything, and that includes us all, must read it.”—Robert B. Hensley, President, Life Insurance Co. of Kentucky

This book is helpful whether you are taking a state test, or it can be used as a supplement to help you study for Advanced classes.

Who Was Sitting Bull? Aug 30 2020 No one knew the boy they called "Jumping Badger" would grow to become a great leader. Born on the banks of the Yellowstone River, Sitting Bull, as he was later called, was tribal chief and holy man of the Lakota Sioux tribe in a time of fierce conflict with the United States. As the government seized Native American lands, Sitting Bull relied on his military cunning and strong spirituality to drive forces out of his territory and ensure a future homeland for his people.

Or the Bull Kills You Aug 23 2022 An accomplished debut mystery set in the high-stakes and decidedly murky world of bullfighting in Valencia, Spain "Either you kill the bull, or the bull kills you." Chief Inspector Max Cámara thinks in proverbs, and he hates one thing above all: bullfighting. One hot afternoon in Valencia, however, he has to stand in for his boss, judging a festival corrida starring Spain's most famous young matador. That night, he is back in the bullring, and what he finds on the blood-stained sand shocks the city of Valencia to its core. Cámara is roped into investigating a grisly murder while dealing with violent shadows from his own past, as well as confronting the suspiciousness of the bullfighting community and the stonewalling of local politicians in full electoral campaign. To top it all, Fallas, the loudest fiesta in the country, has just got underway. For Cámara, it seems his problems have only just begun...

The Anarchical Society Jul 22 2022 The Anarchical Society is one of the masterworks of political science and the classic text on the nature of order in world politics. Originally published in 1977, it continues to define and shape the discipline of international relations. This edition has been updated with a new,

interpretive foreword by Andrew Hurrell. Bull explores three fundamental questions: What is order in world politics? How is order maintained in the contemporary states system? What alternative paths to world order are desirable and feasible? Laws and institutions, Bull points out, shift and change over time. The Anarchical Society addresses the unwritten rules which have allowed international order to exist across the ages.

Crafty Creatures Jan 22 2020 Crafty Creatures is packed with ideas to create cute and quirky creatures. Award-winning author Jane Bull teaches and inspires you to knit, sew, and construct adorable animal projects. Crafty Creatures includes over 30 inspiring projects, from colorful, cuddly animals, to phone pouches, purses and jewelry. Create delightful stuffed animals such as felt cats, cloth bunnies, and pom-pom creatures, then go on to make fun animal projects like wildlife mobiles, bird-shaped potpourri sachets, and animal purses. Step-by-step photo sequences of projects ensure you'll be able to pick any activity and sew, knit, or assemble the adorable animals with ease. Each easy-to-make project tells you what materials you'll need, along with the techniques for knitting or stitching. Links to downloadable patterns are included for quick reference. Crafty Creatures is perfect for budding crafters, providing creative projects that are great to keep or make as gifts for friends and family. Create a zoo of adorable animals with Crafty Creatures!

Anti-Nietzsche Jun 28 2020 A provocative intellectual assault on the iconic philosopher.

Sitting Bull Sep 11 2021 An intimate portrait of the Lakota chief by his great-grandson. Ernie LaPointe, born on the Pine Ridge Reservation in South Dakota, is a great-grandson of the famous Hunkpapa Lakota chief Sitting Bull, and in this book, the first by one of Sitting Bull's lineal descendants, he presents the family tales and memories told to him about his great-grandfather. LaPointe not only recounts the rich oral history of his family—the stories of Sitting Bull's childhood, his reputation as a fierce warrior, his growth into a sage and devoted leader of his people, and the betrayal that led to his murder—but also explains what it means to be Lakota in the time of Sitting Bull and now. In many ways, the oral history differs from what has become the standard and widely accepted biography of Sitting Bull. LaPointe explains the discrepancies, how they occurred, and why he wants to tell his story of Tatanka Iyotake. This is a powerful story of Native American history, told by a Native American, for all people to better understand a culture, a leader, and a man.

Blood Brothers Jan 04 2021 Winner of the 2018 Ohioana Book Award for Nonfiction “Deanne Stillman's splendid Blood Brothers eloquently explores the clash of cultures on the Great Plains that initially united the two legends and how this shared experience contributed to the creation of their ironic political alliance.” —Bobby Bridger, Austin Chronicle It was in Brooklyn, New York, in 1883 that

William F. Cody—known across the land as Buffalo Bill—conceived of his Wild West show, an “equestrian extravaganza” featuring cowboys and Indians. It was a great success, and for four months in 1885 the Lakota chief Sitting Bull appeared in the show. *Blood Brothers* tells the story of these two iconic figures through their brief but important collaboration, in “a compelling narrative that reads like a novel” (Orange County Register). “Thoroughly researched, Deanne Stillman’s account of this period in American history is elucidating as well as entertaining” (Booklist), complete with little-told details about the two men whose alliance was eased by none other than Annie Oakley. When Sitting Bull joined the Wild West, the event spawned one of the earliest advertising slogans: “Foes in ’76, Friends in ’85.” Cody paid his performers well, and he treated the Indians no differently from white performers. During this time, the Native American rights movement began to flourish. But with their way of life in tatters, the Lakota and others availed themselves of the chance to perform in the Wild West show. When Cody died in 1917, a large contingent of Native Americans attended his public funeral. An iconic friendship tale like no other, *Blood Brothers* is a timeless story of people from different cultures who crossed barriers to engage each other as human beings. Here, Stillman provides “an account of the tragic murder of Sitting Bull that’s as good as any in the literature... Thoughtful and thoroughly well-told—just the right treatment for a subject about which many books have been written before, few so successfully” (Kirkus Reviews, starred review).

From the Earth to Babylon Dec 15 2021 *From the Earth to Babylon: Gerald Bull and the Supergun* is a historical graphic novel based on the life of Canadian Gerald Bull, considered to be one of the most brilliant scientists of the twentieth century and whose work affected the course of two modern wars. Bull's research led him across the globe, from Canada, to the Pentagon, to Barbados, to South Africa, and finally to Iraq. This volume tells of how this "boy genius" of rocket science experienced early success with the launch of HARP (the High-Altitude Research Project) with McGill University, to owning one of the world's largest and most sophisticated space programs with the Space Research Corporation.

Bullshit Jobs Feb 02 2021 From bestselling writer David Graeber—“a master of opening up thought and stimulating debate” (Slate)—a powerful argument against the rise of meaningless, unfulfilling jobs...and their consequences. Does your job make a meaningful contribution to the world? In the spring of 2013, David Graeber asked this question in a playful, provocative essay titled “On the Phenomenon of Bullshit Jobs.” It went viral. After one million online views in seventeen different languages, people all over the world are still debating the answer. There are hordes of people—HR consultants, communication coordinators, telemarketing researchers, corporate lawyers—whose jobs are useless, and, tragically, they know it. These people are caught in bullshit jobs. Graeber explores one of society’s most vexing and deeply felt concerns, indicting among other villains a particular strain

of finance capitalism that betrays ideals shared by thinkers ranging from Keynes to Lincoln. "Clever and charismatic" (The New Yorker), *Bullshit Jobs* gives individuals, corporations, and societies permission to undergo a shift in values, placing creative and caring work at the center of our culture. This book is for everyone who wants to turn their vocation back into an avocation and "a thought-provoking examination of our working lives" (Financial Times).

A Bull in China Apr 18 2022 Profiting from China without getting burned is currently an obsession with the international investment community. The estimated size of the Chinese economy has just been revised upwards, making it the 4th largest in the world behind the US, Japan and Germany, and ahead of the UK but the idea that investing in China is a sure-fire, get-rich-quick investment story is dangerously misleading. * The author of the bestselling *Investment Biker*, *Adventure Capitalist*, and *Hot Commodities*, is providing a book that provides a window into what will soon be the most vital, most lucrative market of our time: China. * While the Chinese economy has had an annual average growth of 9.4 percent since 1978, and despite the ongoing speculation about China's future, its stock market is now emerging from a six-year low. * As the Chinese economy continues to lumber toward a free market system - and as the Chinese government inevitably unpegs its currency and opens its stock market to more foreign investment, Rogers foresees an abundance of opportunities for investors. * In this book, he shows readers not only how to take advantage of China's coming dominance - what, where, how, and when to buy - but how China will impact individual companies, markets, and economies around the world. * "Nobody with blue eyes has ever made money investing in China," the old saying goes. Jim Rogers aims to disprove this adage. Jim Rogers co-founded the Quantum Fund and retired at age 37. Since then, he has served as a sometime professor of finance at Columbia University's business school, and as a media commentator. He appears twice a week on Fox Business News, and is the author of three immensely successful books.

Speed Kings Feb 14 2022 Traces the efforts of four American athletes from disparate backgrounds to win the gold medal for bobsledding during the 1932 Olympics, profiling how the American public, deep in the grip of the Great Depression, rallied around their achievements.

No Bull Review - Global History and Geography Regents Dec 27 2022 No Bull... This is a concise and to the point review for the New York State Global History and Geography Regents (Global 1 and 2 Format).
