Pee stains on the carpet. Barking at all hours of the night. That embarrassing thing he does with your leg. It's enough to make you cry out, "Why doesn't my

dog have an owner's manual?" And now, thankfully, he does. Through step-by-step instructions and helpful schematic diagrams, *The Dog Owner's Manual* explores hundreds of frequently asked questions: Which breeds interface best with children? How can I program my model to fetch? And why is its nose always wet? Whatever your concerns, you'll find the answers right here—courtesy of celebrated veterinarian Dr. David Brunner and acclaimed author Sam Stall. Together, they provide plenty of useful advice for both new and experienced dog owners.
