2001 Guide to ACA-Accredited Camps Feb 23 2020 The camps in this directory have met or exceeded industry standards for safety, programming, staffing, health care, food service, and more. Camps are available for children of all ages, as well as families, seniors, single adults, and other groups who need a facility for a reunion, business seminar, or company picnic. The 2,000-plus camps referenced are listed by state, clientele served, and special activities and programs offered. Each listing includes information on length of sessions (day or residential), religious affiliation if any, types of housing provided, fees, and transportation available.

Structured Programming Using PL/C May 20 2022 PL/I is a powerful language that can be used to solve both business and scientific problems. PL/C retains these PL/I features while including numerous debugging aids and program correction features. Checkpoint questions are interspersed throughout chapters to aid student comprehension and understanding. The suggested practice problems at chapter ends reinforce the technical material presented therein. Suggested input data are given along with the corresponding output. The section on debugging techniques in each chapter help students to code and test programs. Each chapter includes a case study with a PL/C program that was compiled and executed using IBM's PL/C compiler. All material is organized on a "need-to-know" basis.
